

Robotic Remedial Program Phases I & II

PHASE I

DAY ONE

- 4:30 – 6:00 PM** Dry Lab on Robotic System (optional) in case > 2 months since use of robotic console
- 6:00 – 6:15 PM** Welcome: Dr. James L. Mohler
Program Objectives: Dr. Khurshid A. Guru
- 6:15 – 7:00 PM** Didactic Session
- Analysis of failure/difficulty in establishing robotic program
 - Interactive didactic analysis
 - Individual concerns and plans to address (Q&A Session)
- 7:00 – 7:30 PM** Financial issues – David Burns
- 7:30 – 9:00 PM** Dinner and meet the Roswell Park Robotic Team

DAY TWO

- 7:00 – 7:45 AM** Robotic Team Set-up
- Role of the Scrub and Circulating Nurses
 - OR instrumentation (OR Nurses/OR Surgical Technicians)
 - OR timetable and ways to improve general setup
- 7:45 – 8:15 AM** Patient Preparation
- Patient selection
 - Patient preparation/positioning
 - Port placement
- 8:15 – 12:30 PM** Practical Case Session (Case One)
Challenging Steps
- Use of fourth arm/patient side assistant
 - Bladder neck dissection
 - Posterior dissection
 - Nerve-sparing
 - Apical dissection/margins
 - Urethrovesical anastomosis
 - Lymph node dissection
- 12:30 – 1:15 PM** Lunch/Lecture
- 1:15 – 5:15 PM** Practical Case Session (Case Two)
- 6:00 – 7:00 PM** Q&A Session – Potential Challenges/Complications
Step by step review of two cases performed during the day

Adjourn

Robotic Remedial Program Phases I & II

DAY THREE

- 7:00 – 7:30 AM** Robotic Team Set-up
- Review OR instrumentation
- 7:30 – 8:00 AM** Patient Preparation
- Review patient positioning
 - Review port placement
- 8:00 – 12:30 PM** Practical Case Session (Case Three)
- Review challenging steps
 - Use of fourth arm/patient side assistant
 - Bladder neck dissection
 - Posterior dissection
 - Nerve-sparing
 - Apical dissection/margins
 - Urethrovesical anastomosis
 - Lymph node dissection
- 12:30 – 1:15 PM** Lunch/Lecture (Team)
Q&A Session – Potential Challenges/Complications
Step-by-step review of third case performed
- 1:15 – 5:00 PM** Practical Case Session (Case Four)
- 5:00 – 6:00 PM** Q&A Session – Potential Challenges/Complications
Step-by-step review of both cases performed during the day

Adjourn

PHASE II

(COMPLETED AT THE HOME INSTITUTION
OF THE PARTICIPATING PROGRAM AFTER TRAVEL ON **DAY FOUR**)

DAY FIVE

The Roswell Park Robotic Team mentors the robotic surgeons and surgical team in the performance of a robotic radical prostatectomy at their home institution, followed by troubleshooting session and strategy session for the next day's case.

DAY SIX

The Roswell Park Robotic Team mentors the robotic surgeon and surgical team on a second robotic radical prostatectomy followed by a troubleshooting post-course session and questionnaire.
